Who is Lee-Shane?

I am an extremely talented young man with the passion for life without limits. Relative to the dance world and the arts, I am a unique breed of artist. I find it vitally important to acquire new skills in order to create breath-taking works of art. I am continually finding ways to reinvent myself, aligning my values and aspirations in to benefit my community. Freedom of expression is a gift I would love to share in all my encounters.

What can you do?

Dance

I am a versatile street dancer from Mitchell's Plain. I have a deep understanding of several street dance styles. I have developed the ability to choreograph, pattern and teach various ages and sizes- the history and culture of each style. I have been dancing for 12 years and throughout the years I have adopted the skill to train; punctuality and diligence. I am proficient in house dance, Krump, popping, b-boy, locking, kwaito and waacking. I have represented my country in both Las Vegas and Croatia with the skill of dance.

Dj

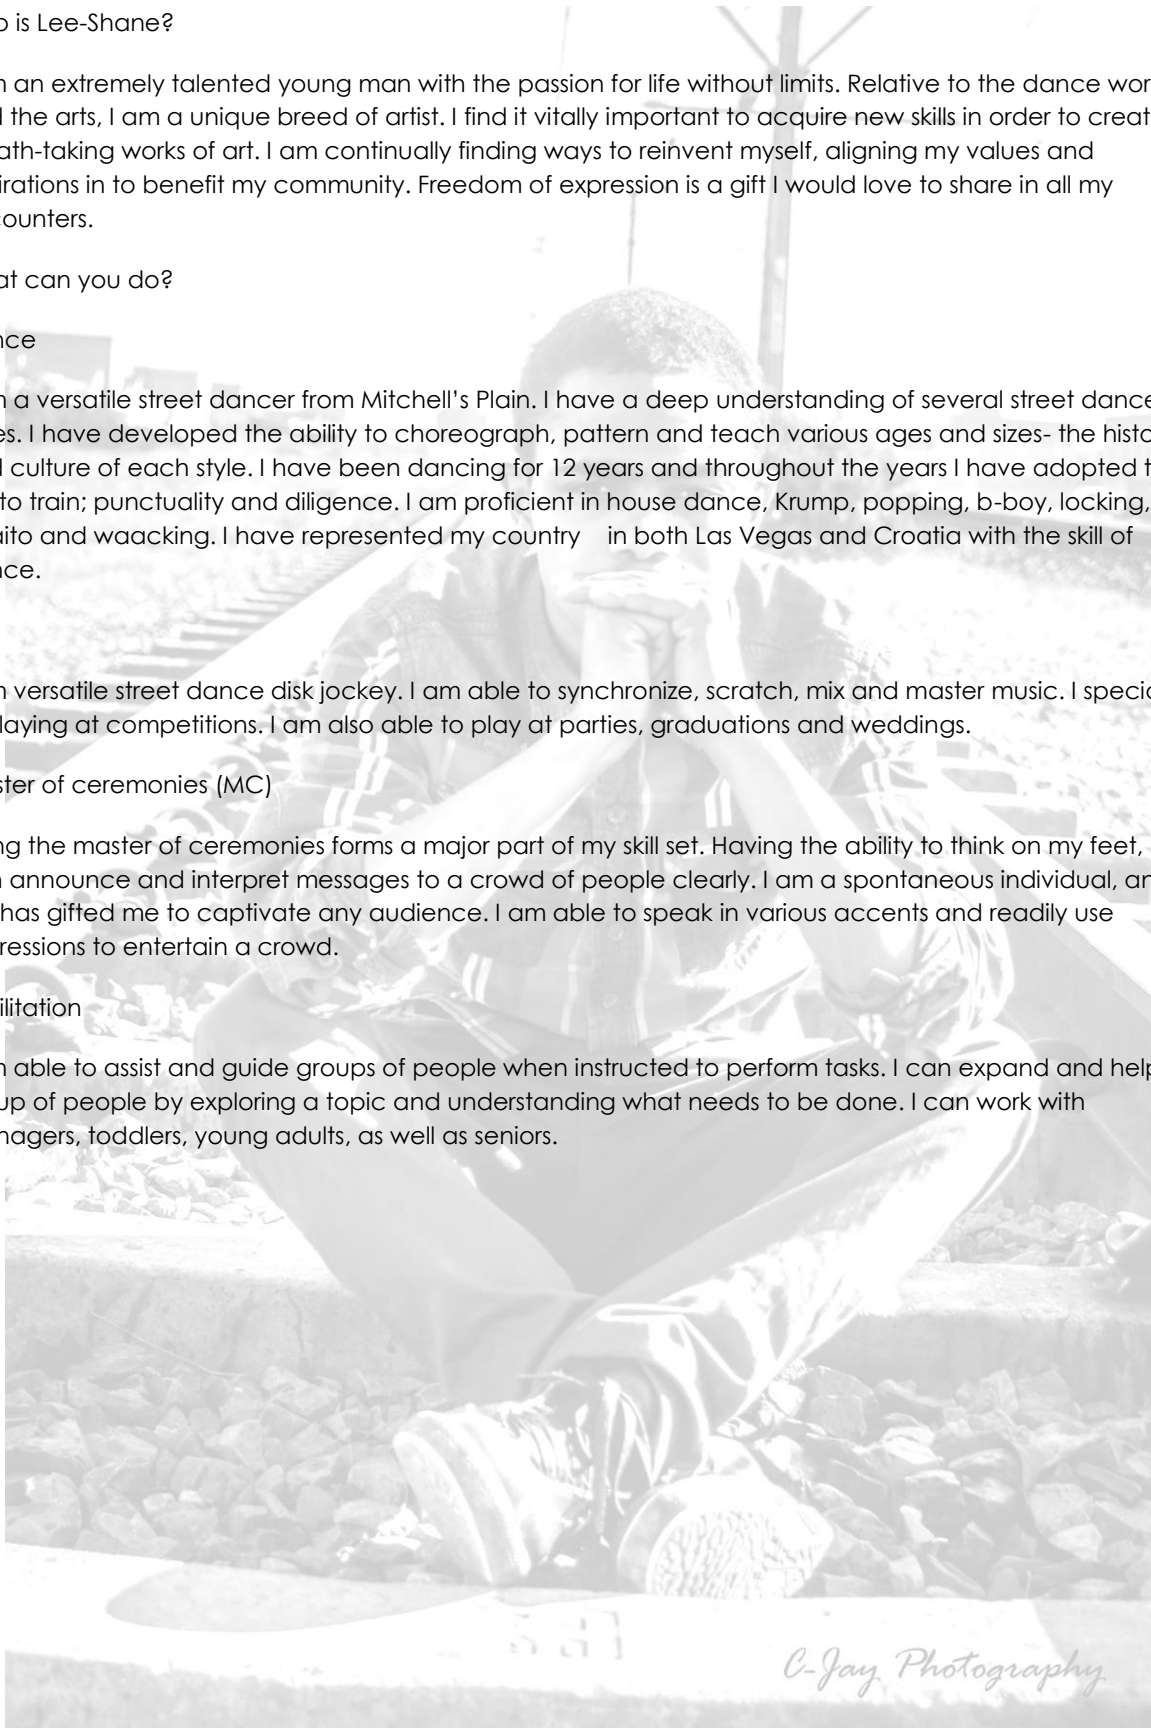

I am versatile street dance disk jockey. I am able to synchronize, scratch, mix and master music. I specialize in playing at competitions. I am also able to play at parties, graduations and weddings.

Master of ceremonies (MC)

Being the master of ceremonies forms a major part of my skill set. Having the ability to think on my feet, I can announce and interpret messages to a crowd of people clearly. I am a spontaneous individual, and this has gifted me to captivate any audience. I am able to speak in various accents and readily use impressions to entertain a crowd.

Facilitation

I am able to assist and guide groups of people when instructed to perform tasks. I can expand and help a group of people by exploring a topic and understanding what needs to be done. I can work with teenagers, toddlers, young adults, as well as seniors.
